

To our Customers,

We would like to thank all of you for your patience and understanding as we continue to navigate these extraordinary times. We miss you all very much and can't wait to see you back at our centres.

As things start to open up in Ontario we would like to let you know that we are committed to making our centres a safe environment for you to visit. Unfortunately we have not yet been given the go ahead to re-open and are anxiously awaiting that approval by the Ontario government.

In the meantime we have been working diligently to prepare for your visit. We are reviewing all provincially and local Health unit guidelines to ensure we are meeting or exceeding them. All centres will be cleaned and sanitized prior to opening. There will be some changes to expect like "social distancing" which will require us to close off some seating and even electronic devices to honour that practice. How customers line up for purchases and flow through the centres will also be monitored for "social distancing". Staff will be wearing personal protective equipment, high touch points will be cleaned regularly and sanitizer stations will be available throughout the centres.

We will keep you informed as we get closer to re-opening on our websites, Facebook pages, and twitter and even through email. Also, if you visit our Facebook page for any of our centres you can participate in weekly draws for \$50 gift cards to use when you return.

Thank you for your understanding and cooperation. We look forward to your return but in the meantime from all of your Community Gaming family to you and your family please stay safe.
